

Oklahoma State University

Sitlington Enriched Graduate Scholarship

Several scholarships are available for doctoral study in the Department of Agricultural Economics at Oklahoma State University. Each scholarship provides a stipend of \$24,000 for up to three years plus \$1,000 research support annually, medical insurance, and a tuition waiver. Previous completion of an M.S. degree in a related field is preferred. Successful applicants will complete a core program in economic theory and quantitative methods, one or more areas of specialization within agricultural economics, and conduct research in one or more of the following areas:

- Natural Resources and Environmental Economics
- Crop/Livestock Marketing
- Crop/Livestock Production Systems
- Traceability and Biosecurity
- Demand Analysis
- Rural Development and Cooperatives

The Dept. of Ag Econ has 32 full-time faculty and 54 graduate students from 15 countries. The graduate program stresses development of superior professional competence, suited to the research demands of modern business, academic, and government environments. Courses in economic theory, econometrics, mathematical economics, and statistics are an integral part of the program.

For more information, please contact Dr. Shida Henneberry at 405-744-6854 or email AgecGrad@okstate.edu or see http://agecon.okstate.edu/grad/program_info.asp
